Contact Melanie regarding bump outs

Our little park on corner of 200 block S Gilmor has been wrecked due to construction and renovation of homes next to it. Kintira has contacted the party involved and asked that they put it back the way they found it – no money necessary. It is now getting dumped on with trash.

Discussion of gaining access from B&O to get from Mount Clare to Carroll Park. Has been a big issue as they are not willing to give us access. Melanie is going to talk to Chris.
