

Clearboarding Near You

As part of a pilot effort, the City of Baltimore has clearboarded a vacant property near you!

Clearboarding secures vacant buildings with transparent polycarbonate panels to deter unauthorized entry, reduce fire risk, and improve neighborhood appearance. This pilot is separate from the Department of Public Works' normal use of plywood to board vacant properties.

If you notice damage at a clearboarded property near you, please submit a 311 request.

Call 3-1-1 (or
443-263-2220 if you are
outside the city)

Submit online at
www.baltimorecity.gov/311services or through
the mobile app.
